STAMFORD YOUTH TENNIS ACADEMY

~Serving up the Building Blocks for Success On and Off the Court~

OUR MISSION is to extend the benefits of tennis to children who, by reason of high cost or cultural unfamiliarity, would not otherwise be able to become tennis players. We offer free year-round tennis instruction and academic support to over 100 juniors annually.

COACH OF THE WEEK Marcus Hooks, 22, a former elementary and middle school age participant at Boys and Girls Club of Stamford, has now returned there to teach as part of SYTA's outreach tennis program! He also runs the USTA under 10 program at K.T. Murphy Elementary School two hours a week. He is a former college player and current Kings Highway Teaching Professional. Go "Coach Marcus!"

PLAYER OF THE WEEK Franco Estanislado, 15
Through the generosity of the Connecticut Alliance for Tennis and Education, Franco recently received a one week scholarship to the IMG Bollettieri Tennis Academy in Bradenton, Florida. We also want to congratulate him on making the Stamford High School Tennis team!

OUR ACADEMIC SUPPORT PROGRAM IS ENHANCED THROUGH LOCAL PARTNERSHIPS!

We thank the Boys & Girls Club for providing membership scholarships to our 4th-8th grade students and offering classroom space.

Our tutoring program at the Stillwater Avenue location is provided by BeyondLimitsAcademics twice a week.

Boys and Girls Club also donates classroom space for SYTA's tutoring program at the Yerwood Center for our 2nd-3rd graders.

SYTA ON THE MOVE

SYTA was recently treated to a back stage tour and theatre production workshop at Curtain Call at Sterling Farms. They also toured the Ferguson Library and were presented with a free book.
